### Bengali Civil Engineering

Concrete is confined in all directions. Such as a reinforced concrete member with- (a) Closely spaced spiral reinforcement and (b) Hoops (Hoops are closely spaced closed ties or continuously wound ties or spirals, the ends of which have 135° hooks; 135° hooks is commonly known as seismic hooks)

### Civil Bangla Engineering - Civil Engineering All

Civil engineering is a professional engineering discipline that deals with the design, construction, and maintenance of the physical and naturally built environment, including public works such as roads, bridges, canals, dams, airports, sewerage systems, pipelines, structural components of buildings, and railways. Civil engineering is traditionally broken into a number of sub-disciplines. It is considered the second-oldest engineering discipline after military engineering, and it is defined to d
